27 5GB at St. Boniface

Notes from Mr. D....

Presidents' Day is on Monday, and school will not be in session. Have a great, long weekend!

Rossville Elementary School is currently searching for a licensed school counselor. We are excited about the possibility of hiring someone to support students and staff. If you know anyone who might be interested, please have her or him contact me. Thank you!

Our Kindergarten roundup is scheduled for either March 9 or March 23. IF your child will be 5 years old before or on August 1, 2023, please contact RES at 379-2119 ext. 311, 310, or 312 to schedule your child's roundup appointment. Currently, we have several openings, so snag your timeslot today!

Preschool...We are starting to secure our potential preschool lists for 2023-2024. The programs will be a 1/2 day program for 3-5 year olds. The cost for our younger students attending 3-days per week will be \$250 per month and 5-days per week for our older students will be \$400 per month. IF you are interested in your child attending our amazing preschool, please contact the school office 379-2119 at ext. 311 or 310. Final preschool lists will be determined on May 1, 2023 and information sent to those parents.

Cognia review for Rossville Schools

Big thank you to staff, students, and parents for your help! Our review is now complete, and our initial findings have been shared with staff. Our formal report will be available within 6-8 weeks. Many positives were noted including a safe learning environment, family orientated school system, love for our students, staff working hard for students, and communication. Areas of improvement were also shared including a strategic plan that is our “North Star” that will guide all our system decisions. We are excited about noteworthy accomplishments and eager to start working toward our top improvement priorities.

Attention 4th-grade Parents

We are continuing the Riley poem tradition this year, so please mark your calendar for our program at 2:00 on March 22nd in the auditorium. Students will be graded and finalists selected on March 20th. Remember, they have 5 weeks to memorize and perfect their specific poem. Cannot wait to see the creativity from this year's class!

From the Gym:

As of today, we have collected \$4,140.15, which surpasses our goal of \$4,000! Way to go, Hornets! One of our students, Henry Pendleton, won the elusive golden egg as well. There were only five such winners in the nation. Impressive! THANK YOU to everyone who helped.

Kindergarten-5th grade students are going to be exposed to some awesome Create2Think STEM/Project Based Learning units during this grading period. Teachers might be asking for your help with supplies. We appreciate your help! Make sure to ask your child about these lessons. Checkout pictures shared on our Instagram and Twitter accounts.

Here are the units for each grade level:

Kindergarten—Making a Masterpiece

5th-Oil Spill

1st-Famer's Market

2nd-Ice is Life or Head in the Clouds

3rd-Wild Weather Shelter

4th-Shake, Rattle, Roll
